TABLE 3: BOREHOLES USED FOR THE NEEDS OF THE ABOVE

Boreholes	No	Land Plan	PARCEL NO	Land Plan	PARCEL NO	Approved abstraction quantity per year (m ³)
1	Licensed					
2	Non-licensed					

In the past year, I have submitted an Application for Farm Subsidies to the CAPO
If yes, please attach the relevant Form of the CAPO

Mark √ in the box

- I shall pay to the Department all statutory fees, as these will be indicated in the invoice.
- I undertake to comply with the Code of Good Agricultural Practice to ensure proper use of the recycled water. I accept that if I do not comply with the Code of Good Agricultural Practice to ensure proper use of the recycled water, water supply will be interrupted.
- If I exceed the approved water quantity, I accept that:
 - The water quantity exceeding 110% of the approved quantity will be charged with the applicable overconsumption tariff and
 - Water supply will be interrupted.
- I undertake to comply with all other terms and conditions to be laid down by the WDD regarding the supply and use of water from the GWP.
- All information in my application form is true, correct and complete.
- I shall not irrigate leafy vegetables, bulbs and corms which are eaten raw.
- Discharge of recycled water to underground aquifers shall be prohibited.
- I accept any checks that the WDD may wish to carry out in order to verify the accuracy of the information submitted, including any cross checks and exchange of information with other records of Government Services/Departments.
- I hereby accept/do not accept to receive SMS and email messages from the WDD for information purposes.

Date:

Note 1: The above approved water quantity may be modified if additional restrictions apply or if it is found that the application contains false information, or if it is used for crops for which irrigation is not permitted

Note 2: Due consideration shall be given to the salt and boron content of the recycled water to avoid irrigation of sensitive crops
